| 14:30 | 15:30 | Acute/ Chronic Airway Obstruction and its Treatment Maria Jose Pecero Hidalgo, MD | Workshop Fellows' Case Presentations | CLOSING CEREMONY & AWARDS |
| 15:30 | 17:00 | Workshop Fellows' Case Presentations | | |

Learning Objectives for Participants

At the conclusion of this seminar, the participant should be better able to:

1. Recognize key pulmonary disorders in children, including cystic fibrosis, airway obstruction, and sleep apnea.
2. Identify congenital lung and airway malformations and their clinical implications.
3. Apply appropriate management for acute and chronic pediatric respiratory conditions, including mechanical ventilation.
4. Distinguish pulmonary and systemic manifestations of cystic fibrosis.
5. Understand the role of bronchoscopy and other advanced diagnostic techniques in pediatric pulmonology.

Accreditation

In support of improving patient care, this activity has been planned and implemented by the Children's Hospital of Philadelphia. The Children's Hospital of Philadelphia is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Designation of Credit

Physicians: Children's Hospital of Philadelphia designates this live activity for a maximum of **TBA AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

JOINTLY ACCREDITED PROVIDER™
