### **Learning Objectives for Participants**

At the conclusion of this seminar, the participant should be better able to:

1. Manage pediatric gastrointestinal emergencies, including foreign body ingestion, bleeding, and surgical conditions.
2. Diagnose and treat common functional and chronic GI disorders, including constipation, obesity, and IBD.
3. Evaluate and manage pediatric liver diseases, including cholestasis, autoimmune hepatitis, and liver failure.
4. Assess upper GI and pancreatic pathology, including pancreatitis and complex mucosal disease.
5. Apply procedural, surgical, nutritional, and hands-on skills in pediatric gastroenterology care.

### **Accreditation**

In support of improving patient care, this activity has been planned and implemented by the Children's Hospital of Philadelphia. The Children's Hospital of Philadelphia is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

### **Designation of Credit**

Physicians: Children's Hospital of Philadelphia designates this live activity for a maximum of **TBA AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

JOINTLY ACCREDITED PROVIDER™
